

Vision & Mission of Govt. College, Khad, Distt. Una, H.P. -177207

Introductory Note

The story of civilization is also a story of human endeavor for continuous progress. A significant role in this quest for perfection can be attributed to the desire to attain knowledge. Needless to say, the history of mankind is punctured by numerous instances of adventure, innovation and adaptation. It is not an overstatement to conclude that education, in all its manifestations, is instrumental in taking humanity to higher levels. "If you wish to invest for a lifetime, invest in Education". This is how a wise man has emphasized the value of education in human life. Village Khad, is a shining example of the human desire to attain excellence through education. One of the oldest schools in District Una was founded by the progressive visionaries of this fertile village in 1928. Many students have left the portals of this school since then; they have left an indelible impression in their chosen fields, and have inspired their successors as well. Government Degree College, Khad, is an example of that vision which was set in motion with a school, underlining the importance of education. Opening an institution of higher learning had been a persistent demand of the people of the area for decades, which was finally acceded to in the year 2016.

Situated on the Una-Gagret road, the College started functioning with classes in Arts and Commerce streams. With a modest beginning of about a hundred odd students on rolls, Dr. Amarjeet K. Sharma presently Director (Higher Education) was at the helm of affairs, and presently the College has 272 students on its rolls, majority of them are girls.

Vision of the College "Empowerment through Knowledge"

Mission of the College "To provide quality education which enhances the ability of students to learn throughout the life"
